

ABOUT WORKSHOP

Unlike subtractive process of traditional manufacturing methods, 3D Printing is additive process of manufacturing for making 3-dimensional solid objects from a digital file. In rapid prototyping, prototypes are created using this technology. It is becoming popular due to its high scope of application in various fields ranging from aviation and construction to health care and food items.

REGISTRATION

You can register by following link or scan QR Code:

PATRON

Shri A. K. Zala – Principal

CONVENER

Smt. V. R. Kotdavala – SSIP Coordinator

Shri H. V. Mandalia – Head of Department

DEPT. COE INCHARGE

Shri R. H. Gokani (Mechanical)

DATE & TIME

Date: 31st Aug 2019
Time: 11.00 to 16.00

EXPERTS

Shri V. R. Maniar, LME

Shri D. B. Harsora, LME

COORDINATOR

Shri M. D. Naraniya – SSIP Co-coordinator

Shri N. B. Sanghani – SSIP Co-coordinator

WORKSHOP ON 3D-PRINTER GOVERNMENT POLYTECHNIC JAMNAGAR

Organized by:
Mechanical Department
G. P. Jamnagar under SSIP

Venue:

Rapid Prototyping Lab, Center of Excellence, Room No 109, New Building, Government Polytechnic Jamnagar.
